Description

Very common 30MM Estop Switch. Push-Pull Maintained Allen Bradley Style - interchangeable. Used by many Baler, Shredder, Conveyor brands over the years. 1-Normally open Contact included. Emergency-stop switches, generally referred to as E-Stops, help ensure the safety of people and machinery by delivering a consistent and predictable fail-safe response. Commonly used on a wide range of electrical machinery. Specialized switches to meet workplace safety and established international and domestic regulatory requirements. Add additional switches to ensure operators can shut off machine quickly.
